Captains Michael & Amanda Cain, *Sherman Corps Officers*

To Whom It May Concern,

I am writing this letter of recommendation on behalf of One Real Roofing for the construction services they provided to The Salvation Army Midland under my administration as Corps Officer.

Following storm-related damage, One Real Roofing was engaged to manage and complete a multilocation construction project that required a high level of coordination, responsiveness, and professionalism. The scope of work included direct communication with our insurance carrier, simultaneous reroofing of two separate facilities, and interior renovations necessary to restore storm-damaged areas.

Throughout the project, One Real Roofing demonstrated exceptional project management and clear communication. Their team coordinated multiple scopes of work across different locations at the same time while maintaining timelines and minimizing disruption to our ongoing operations. Their ability to effectively manage insurance-related communication was particularly valuable and helped ensure the project progressed efficiently from start to finish.

The quality of workmanship met and exceeded expectations, and all work was completed with attention to safety, code compliance, and long-term durability. One Real Roofing proved to be reliable, organized, and committed to delivering results that aligned with our needs and standards.

Based on our experience, I confidently recommend One Real Roofing for projects involving roofing, storm restoration, insurance coordination, and complex, multilocation construction work. They were a trusted partner throughout this process, and I would not hesitate to work with them again.

Sincerely,

Captain Michael & Amanda Cain

Corps Officer

The Salvation Army – Midland/Odessa Corps
